

The UO Sexual Violence and Institutional Betrayal Survey: Spring 2015 (with Replication using HSP during AY 2015-16) – PART A (Spring packet)

[Jennifer J. Freyd, Professor of Psychology, University of Oregon](#)

We administered a campus violence and institutional betrayal survey in late spring 2015. This second survey included -- but was not limited to -- a full pilot of the [ARC3 Survey](#). In addition we administered this same survey to a different sample on our campus during the 2015-16 academic year. Please see <http://dynamic.uoregon.edu/jjf/campus/> for more information.

- **Abstract:** Numerous research studies suggest that at least one in five female college students is sexually assaulted while enrolled. However, many studies exploring sexual violence prevalence on campus use methodology permitting students to self-select into the study based on interest in the topic (i.e., students receive an email offering them the opportunity to participate in a study on sexual violence). Self-selection may bias these prevalence estimates of campus sexual violence. To explore this issue, we surveyed two samples of college women on their experiences of sexual assault. We recruited Sample 1 in a typical way: by emailing a randomly selected subset of students provided by the university registrar and inviting participation with information about the survey topic. We recruited Sample 2 using a human subjects pool where students in introductory psychology and linguistics courses sign up for studies without prior knowledge about the topic of the research they will participate in (hence greatly minimizing the risk of self-selection). The two samples yielded nearly identical victimization rates. Over a quarter of participants in both our samples had experienced sexual contact without consent, consistent with recent research from the Association of American Universities. College victimization estimates do not appear to be biased by self-selection based on knowledge of the survey topic.

The following measurement packet was used in the spring 2015 Register Sample. See Part B for HSP packet.

Consent

You are being asked to take part in a research study on campus sexual violence. You were selected as a possible participant because you are a currently enrolled University of Oregon student. Please read this form carefully before agreeing to take part in this study.

Purpose: The purpose of the research is to learn more about various experiences UO students may have had. In particular, we are interested in experiences and attitudes related to sexual violence. Participants in this research are UO students. This research consists of a **30 minute online survey** designed to assess this information.

If you choose to participate in this study, we expect that it will take you no more than 30 minutes to complete the survey. As part of this study, you will be shown a variety of statements and questions in the form of a questionnaire and asked to answer them. These questions will ask about topics such as sexual experiences, mental health, and other events you may have experienced. Your participation is voluntary and you are free to discontinue at any point. Due to the sensitive nature of these questions, there is some psychological risk associated with participating in this study. However, this risk does not go beyond those that may be encountered in daily life. **If you agree to participate in this study, you may skip any questions that you wish without penalty. There will be a series of items throughout the survey to check that you are devoting attention and care to your survey responses. Such items may ask, "For this question, select 5." Please note if you incorrectly answer two or more of these questions (out of 5 total), the survey program will end your participation prior to completing the survey.**

Given that this study will ask you a variety of questions about illegal behavior, keeping your responses confidential is our highest **priority, however it cannot be completely guaranteed. While breaches in data security are rare, they are a possibility in any research.** We do not have access to your IP address and will make no attempts to discover your identity.

Payments:

You will receive reimbursement in the form of an electronic \$15 Amazon gift certificate for completing this survey. You will not receive reimbursement if the survey is discontinued before the end; however, as previously stated, you may skip any items that you would prefer not to answer. After you complete the survey, you will be directed to a separate survey in order to provide your email address. Your email address will not be linked to your other responses. Your participation is extremely valuable because it will provide insight into an area of research that has been understudied. The specific information you provide will give us helpful information.

Who we are: Marina Rosenthal, M.S., Carly Smith, M.A., M.S., Alec Smidt, M.S., and Jennifer Gómez, M.S., are graduate students in clinical psychology at the University of Oregon and Jennifer Freyd, Ph.D. is a professor of psychology at the University of Oregon. ARC3 Module - Sexual Violence Victimization

The following questions concern sexual experiences that you may have had that were unwanted. We know that these are personal questions, so we did not ask your name or other identifying information.

Your information is completely confidential. We hope that this helps you to feel comfortable answering each question honestly. Fill the bubble showing the number of times each experience has happened to you. If several experiences occurred on the same occasion, indicate all that apply. (For example, if one night someone threatened to tell lies about you and criticized your sexuality, indicate both.)

We want to know about your experiences since you enrolled at the **University of Oregon**. These experiences could occur on or off campus, when school is in session or when you are on a break.

Someone fondled, kissed, or rubbed up against the private areas of my body (lips, breast/chest, crotch or butt) or removed some of my clothes without my consent (but did not attempt sexual penetration) by:

	0 times	1 time	2 times	3+ times
Telling lies, threatening to end the relationship, threatening to spread rumors about me, making promises I knew were untrue, or continually verbally pressuring me after I said I didn't want to.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Showing displeasure, criticizing my sexuality or attractiveness, getting angry but not using physical force, after I said I didn't want to.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

The following questions also concern sexual experiences. These questions are similar to those you just answered, but these refer to your behaviors. We know these are personal questions, so we did not ask your name or other identifying information.

Your information is completely confidential. We hope this helps you to feel comfortable answering each question honestly. Fill the bubble showing the number of times each experience has happened. If several experiences occurred on the same occasion—for example, if one night you told some lies and had sex with someone who was drunk, you should indicate both.

We want to know about your experiences since you enrolled at the **University of Oregon**. These experiences could occur on or off campus, when school is in session or when you are on a break.

ARC3 Module - Consent-seeking

Using the scales provided, please indicate how strongly you agree or disagree with the following statements. In the statements, "partner" refers to the person with whom you are engaging in sexual activity.

	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
Typically, I communicate sexual consent to my partner using nonverbal signals and body language.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
It is easy to accurately read my current partner's nonverbal signals as indicating consent or non-consent to sexual activity.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Typically, I ask for consent by making a sexual advance and waiting for a reaction, so I know whether or not to continue.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I don't have to ask or give my partner sexual consent because my partner knows me well enough.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I don't have to ask or give my partner sexual consent because I have a lot of trust in my partner to "do the right thing."	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I always verbally ask for consent before I initiate a sexual encounter.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Using the scales provided, please indicate how strongly you agree or disagree with the following statements.

	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
Consent must be given at each step in a sexual encounter.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
If I am paying attention, I will choose strongly agree.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
If a person initiates sex, but during foreplay says they no longer want to, the person has not given consent to continue.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
If a person doesn't physically resist sex, they have given consent.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Consent for sex one time is consent for future sex.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
If you and your sexual partner are both drunk, you don't have to worry about consent.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Mixed signals can sometimes mean consent.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
If someone invites you to their place, they are giving consent for sex.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Have you participated in any other surveys about sexual violence in the past year? (select all that apply)

- I participated in the survey at the end last summer (where I received a \$20 Amazon giftcard)
- I participated in another survey specifically about sexual violence this term that was distributed by the University of Oregon (where I was either entered in a drawing for an Amazon giftcard or received a \$5 Amazon giftcard).
- I participated in the graduate school survey, part of which asked about sexual violence.
- I participated in some other survey about sexual violence (e.g., in the Psychology Human Subjects Pool or another source)

Of the two surveys you completed this term (the one you are taking now and other one distributed earlier in the term), which captured your experiences more accurately?

- The current survey
- The survey I took earlier in the term
- They both captured my experiences equally well

MRNS

The following is a list of beliefs that some people subscribe to. Please rate each scenario in terms of how much **you personally** agree or disagree with it.

	Strongly Disagree	Disagree	Somewhat Disagree	Neither Agree nor Disagree	Somewhat Agree	Agree	Strongly Agree
A man should always try to project an air of confidence even if he really does not feel confident.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I think a young man should try to become physically tough even if he's not big.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
If I heard about a man who was a hairdresser and a gourmet cook, I might wonder how masculine he was.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A good motto for a man would be, "When the going gets tough, the tough get going."	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A choice that indicates attention for this item would be, "Somewhat agree."	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A man owes it to his family to work at the best-paying job he can get.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
When a man is feeling a little pain, he should try not to let it show very much.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A man must stand on his own two feet and never depend on other people to help him do things.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A man should always refuse to get into a fight, even if there seems to be no way to avoid it.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A man whose hobbies are cooking, sewing, and going to the ballet probably wouldn't appeal to me.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Success in his work has to be a man's central goal in this life.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A man should never back down in the face of trouble.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I might find it a little silly or embarrassing if a male friend of mine cried over a sad love scene in a movie.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A man should generally work overtime to make more money whenever he has the chance.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Fists are sometimes the only way to get out of a bad situation.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I always like a man who's totally sure of himself.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Unless he was really desperate, I would probably advise a man to keep looking rather than accept a job as a secretary.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A real man enjoys a bit of danger now and then.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
